

Panama Pete Adventures

No Tours Just Adventures!

We're not a vacation package company, sending you off with one tour operator here, another tour operator there. We operate our adventures ourselves. Given our low cost of operations as an internet-driven business, the Company is able to pass along meaningful price savings to our customers.

Our adventures are designed for travelers who want a more authentic kind of travel experience. We will awaken your spirit and challenge your mind and body, giving you more than just a tour. For the most satisfying adventure you should be in good health; enjoy walking and being active in the outdoors; be flexible and open to other cultures.

So, if you want an active vacation in Panama and avoid tour buses and large groups you can rely on Panama Pete Adventures to show you what few travelers dare see.
